PREFACE

The Publishers in presenting the seventeenth edition of the Business and Farmers' Directory of the counties of Huron, Middlesex and Perth have endeavored to merit the approval of the public, by presenting a work that will be found the most complete of the kind ever published in the district. It will be found to contain much information, of a nature valuable to business men of all branches

Among the contents will be found the name of each farmer and owner or tenant of a lot outside the limits of each city, town or village, with post office, lot and concession, a complete list of towns with the business people alphabetically arranged

A work of this kind involves a great amount of expense and labor, and the publishers have spared neither, but have made every effort to make a reliable work worthy of the confidence of business people

Thanking those who have kindly given us information, also the business people who have given the work their support, we remain

Respectfully Yours,

THE PUBLISHERS

1987 Sworn Average Circulation For
The Entire Year of 1906

Combined Circulation 4,960 THE HERALD is the only paper in Perth County that publishes a detailed statement of its actual circulation each issue for each year. Merchants buy goods either by weight, measure or quantity. They know what they are getting. Why not insist on a detailed statement of circulation, showing the average for a year, when you buy advertising? You ought to know what you are getting in buying advertising as well as in buying other goods. The Herald is glad to SHOW YOU, because it gives more circulation for the money than any other Perth County paper.
